Dear friends,

We would like to thank you very much indeed for your generous donation to Child Play International, helping to sponsor the "Campamento de Verano Perú Harmonía 2009" project, to take place in Peru in January, under the direction of Mr. Lizandro Galareta.

As you may know, the aim of this camping project is to offer some days of supervised fun and sharing in a pleasant setting, for young victims of poverty and family violence. Your donation will be used for useful and attractive lasting souvenirs of the experience, such as towels and T-shirts with a logo, which will be manufactured in one of our shelters for abused women.

So again we would like to express, on behalf of ourselves and these Peruvian children, our appreciation for your help.

Yours sincerely,

A handwritten signature in cursive script that reads "Barbara Fulford".
