Dear Mr. McDermott;

On behalf of the Ottawa Junior "A" Senators Hockey Club I would like to take this opportunity to thank you for supporting Dean Shepherdson through your participation in our Buck-A-Goal Programme.

It is only because of the support of people such as yourself that Junior "A" hockey has a home here in Ottawa South. Without your contribution to the Club, talented young men such as Dean would have no further option but to play outside of the City, away from the immediate support of friends and family. This can quickly become an overwhelming task for a 16 year old especially when you try to balance the importance of school into the equation.

Many thanks once again for your contribution, it is truly appreciated.

Yours In Hockey,

Fred Crouch  
President and Governor
